FRISCO BUSY IN EFFACING HER LOSSES

Conditions of Life Becoming More Normal.

MANY BUSINESS HOUSES REOPEN

Work of Rebuilding Is Proceeding Rapidly In All Portions of the Wrecked City—Prices of Goods Are Gradually Lowering.

San Francisco, May 3.—Conditions of life are gradually becoming more normal in this city and the work of clearing up the wreck in preparation for rebuilding in the down-town section of the city is rapidly going on.

Business is being rapidly resumed by retail dealers of every description throughout the destroyed sections of the city. George Wittman, chairman of the committee on retail trade reports that the following places of business are open:

Forty-four butchers, 29 restaurants, 22 bakeries, 22 fruit and vegetable stands, 71 dairies and 15 refreshment parlors, 53 groceries and 71 miscellaneous establishments, including tailors, plumbers, dry goods stores, druggists and cigar stands. The commission firms along the water front are doing a thriving business. Yesterday prices of dairy and some lines of green goods were lower. The business of receiving and dispersing of consignments is running along smoothly as can be expected under the circumstances. In less than two weeks the garbage accumulation will be disposed of. An inspection of the reduction works in the Potrero has been made, and is was reported that outside of the 100 feet of the tall chimneys, repairs to the furnaces can be completed in ten days.

RUINS OF GRACE CHURCH.

Men were set to work Tuesday on the repairs and soon there will be a good force at work. As soon as these repairs are made, all refuse will be incinerated as in the past.

Mayor Schmitz has announced that all-time restrictions as to the lighting of dwellings will be removed on Wednesday, with the suggestion that candles will be used exclusively for illuminating purposes until electricity can be resumed. Petroleum for lighting purposes is especially prohibited until the water supply is intact.

The Spring Valley expects to have the water front supply going within ten days. By that time the pipe lines on the various wharves will have been overhauled and shipping can be accommodated as before the earthquake.

The United railroads has been given permission by Mayor Schmitz to operate its cars until later hours in order that the last cars will leave all the terminals at midnight.

The United railroads has already operated seven lines and with these three additional routes will be covering nearly all section of the unburned district.

Every chimney in every building will be inspected before any fires are made indoors. The reports turned over to the board of fire underwriters, the members of which will make a re-inspection of buildings, are about as expected.

Nearly all the chimneys in the hills are found to be slightly damaged, but those in the "made" ground are unfit for use.

Many of the larger factories left unharmed are starting up work with all the rapidity possible under the circumstances. At the Union Iron works 2,000 are now employed and the management expects within a fortnight to have the full complement of its force, nearly 4,000 men, engaged.

Workmen are engaged fixing the steamer Columbia, which was turned on her side. The hulls of the new Hawaiian-American Steamship company liners were pitched about four feet to the south, but were uninjured, and only need to be replaced in position.

Will Aid Merchants.

New York, May 3.—A meeting of New York clothiers has been called for Thursday to start a fund from which San Francisco merchants can borrow cash for necessary expenses in resuming business. It is explained that the San Francisco business men will be in urgent need of cash in fitting up temporary stores in addition to the credit they may have in the purchase of new stock.

The plan is to lend, not give, cash to the retailers and jobbers whose commercial reputations are regarded as proof that they will repay the sums they borrow. The loans are to be made for a limited time without interest.

Inquiries Caused Arrest.

Jesup, Ga., May 3.—Two young white men, claiming to be painters from Savannah, arrived here on a through freight. They went into Jones restaurant for breakfast, made careful inquiry as to the population of the place, disappearing shortly afterwards. Later F. E. Breen, living just at the outskirts of the town, discovered two men asleep in a thicket near his place. He notified the sheriff who, with several armed men, captured the hiders and placed them in jail on suspicion of being the ones or part of the gang who robbed the store of J. H. Wilkins Sunday night. McDonald claims that he was on his way from Everett City to Macon, having a written date in a memorandum that corroborated his statement. The men carried a valise when they were captured and it was found to contain a change of clothing. They will be given a trial Thursday.

Delegates Arriving at Birmingham.

Birmingham, Ala., May 3.—Delegates are arriving here from all over the south to attend the quadrennial conference of the Methodist Episcopal church South, which convenes at the First Methodist church Thursday morning. The conference will be called to order by Bishop A. W. Wilson, of Baltimore, the senior bishop of the church. Six bishops and numerous prominent clergymen and laymen have arrived and every train is bringing in others. The first meeting of the auxiliary bodies took place this morning when the Epworth League board held a session. Vice President Chas. W. Fairbanks will be a fraternal delegate to the conference, which will be in session several weeks.

$100 Each for Babies.

San Francisco, May 3.—A pretty girl baby came into the world in this city Tuesday in the Maternity hospital, established by William Randolph Hearst, who has done so much personally and through his newspapers for the sufferers of the earthquake and fire. Some days ago Mrs. William Randolph Hearst announced that every poor child born in the Maternity hospital would receive from her $100. The money for the baby born was telegraphed here, and the mother named her "Millicent Hearst Van Lorander," after Mrs. Hearst.

House Stands for Free Seed.

Washington, May 3.—By a vote of 153 to 58 the house has decided to continue the free distribution of garden and flower seeds. Many of the items in the agricultural bill broadening the scope of the bureau of chemistry and Dr. Wiley's department were eliminated on points of order, particularly those relating to the adulteration of food condiments, drugs and beverages.

Heat So Intense, Death Resulted.

American, Ga., May 3.—The intense heat here resulted in one death Tuesday afternoon. A county misdemeanor convict, Thomas Talbott, succumbed to sunstroke. Talbott fell in the roadway and died in ten minutes. Ninety-four degrees was registered in America at noon Tuesday, a condition more unusual for May.

SHERMAN'S ESCORT ORDERED TO FORT

Indignation Caused by March to The Sea.

PRESIDENT ROOSEVELT ACTS

Orders Direct From the White House Calls Federal Officers Back and Father Sherman Must Proceed on March to Sea Alone.

Washington, May 3.—The president on Tuesday night directed the curtailment of the movement of the Twelfth calvary as escort to Rev. Father Thomas S. Sherman, son of General Sherman, on the march over part of the line of General Sherman's famous march to the sea. Instead the trip may be made from Fort Oglethorpe, as far as Resaca, which is within about 50 miles of Fort Oglethorpe, when the cavalry detachment is to return to the latter place.

Orders to this effect were given Tuesday night following the receip of a long dispatch from Brigadier General Duvall, commanding the department of the gulf, by whose authority the detachment was ordered to accompany Father Sherman, and a conference on the subject between President Roosevelt and General Bell, chief of staff of the army.

General J. Franklin Bell, chief of staff of the army, in speaking of the incident, said:

"The fields of encampments fought by the armies of General Sherman and General Johnston along the route pursued by these armies between Chattanooga and Atlanta are favorite places of study of army officers because the strategic and tactics involved in the operations of Sherman and Johnston's armies are considered among the best examples of the art of war afforded by our civil war. This is not the first time parties of officers and men have gone over this route.

"Do these escorts go for the purpose of guarding officers?" was asked.

"Under such circumstances as these," General Bell replied, "escorts go merely for the purpose of facilitating the journey, caring for the horses, etc.

"Recently, an order was issued by the war department requiring practice marches to be made through the country, some of them to last one day, some three days, and every post was required to have at least one march which should last a minimum of 24 days. Under the provisions of this order, either a department or a post commander can send out parties of this kind on such marches. It has therefore, become quite the customary thing. No one could ever anticipate that misapprehension or feeling would arise over permitting Father Sherman to accompany such a detachment, a courtesy which would hmave been extended to any distinguished person under similar circumstances."

The president had a conference on the subject with General Bell, chief of staff. General Bell took General Duvall's report to the white house and after the conference the following dispatch, which restricts the distance which the escort is to go, was sent to General Duval:

"White House, Washington, May 1.—General Duvall: Commanding the Department of the Gulf, Atlanta: In view of the misapprehension seemingly caused by the terms employed in your order, the president deems it best, after the detachment of the Twelfth cavalry has gone as far as Resaca and visited the intervening field of the engagement at Dalton, the officers and men composing the detachment shall return to Fort Oglethorpe, which he directs be done.

"Ainsworth, Military Secretary."

Cyclone Visits Tennessee Town.

Nashville, Tenn., May 3.—A special from Dresden, Tenn., says that a cyclone swept over the district 16 miles north of Dresden, Tuesday night. Many houses and barns were blown down, stock killed and telephone lines were wrecked. So far as can be ascertained there was no loss of life.

MANY THOUSANDS PAY TITHES.

Women of Methodist Church Are Giving Liberally.

Asheville, N. C., May 3.—Both morning and afternoon sessions of the Woman's Home Missionary board, Methodist Episcopal church, South, on Tuesday were taken up with the reading of various committee reports, the principal interest attaching to that of Dr. C. F. Reid, superintendent of the Pacific coast missions. Dr. Reid has organized two Japanese churches in California and has several schools for Chinese and Japanese under his care. Dr. Rir announced that none of his schools or churches were injured by the recent earthquake.

The question of personal tithing—paying one-tenth to the mission cause, was freely discussed this afternoon.

The report by Miss Emma Tucker developed the fact that there are now 5,349 women of the Methodist Episcopal church, south, paying tribute in the way of tithes.

Wounded by Negroes.

Nashville, May 3.—A Hopkinsville, Ky., dispatch to the Banner says that Policeman E. J. Dougherty and Amos Hayden, of that place, were shot and dangerously wounded by four negroes about 7 miles from Hopkinsville at an early hour Wednesday morning. Wallace Layne, a negro, had made a murderous assault on J. W. Rives, a prominent white citizen and officers had gone to the negroes home to arrest him when they were fired upon. Officer Dougherty fell with a bullet in his right breast and Hayden received a wound just over the heart. The negroes finally surrendered and were brought to Hopkinsville and placed in jail. There is great excitement and talk of lynching is freely indulged in. Should Officer Dougherty die the negroes will be summarily dealt with.

Seven Georgians Die in Cyclone.

Carrollton, Ga., May 3.—Hon. M. R. Russell, of this place, has received a telegram from his brother in Bellevue, Tex., the town which was swept away by a cyclone last Friday, to the effect that his son, R. L. Russell, and wife and five children were instantly killed in the cyclone. Mr. Russell's brother miraculously escaped death in the terrible catastrophe, but he is the only one living in that family who remains to tell of that terrible fate. Mr. and Mrs. Russell were both formerly of Carroll county and removed to Texas only two or three years ago.

$100,000 Fire at Meridian.

Meridian, Miss., May 3.—Fire destroyed the immense building and stock of the Winner-Klein company, wholesale and retail department stores, at 2 o'clock Wednesday morning, causing a loss of over $100,000. The loss is practically covered by insurance. The prevalence of high winds threatened a general conflagration, but heroic work by the firemen prevented such catastrophe.

Eight Injured in Explosion.

New York, May 3.—Eight unconscious men were taken out of the McAdoo tunnel under the Hudson river, connecting Jersey City and Manhattan Island Wednesday, after an explosion in the depths of the tunnel. Five of them were removed to hospitals in Jersey City and four were not expected to recover. The explosion is supposed to have been caused by gas.

Paris Resumes Usual Appearance.

Paris, May 3.—The city has resumed its usual appearance. The military and police patrols have been withdrawn, and most of the labor organizations have resumed work. King Edward has arrived here on a three day visit.

Want Increased Appropriation.

Washington, May 3.—The Isthmian canal commission met Wednesday and decided to ask for an appropriation of $16,272,231 to continue the construction of the canal during the fiscal year ending June 30, 1907.

Tannery Burns at Cave Springs.

Cave Springs, Ga., May 3.—The tannery of K. B. Hall was burned down here Tuesday night. Information is to the effect that it was incendiary origin. Loss heavy; no insurance.

CHICAGO SKYSCRAPERS STOPPED BY STRIKE

Delay Also In Store For New Courthouse.

HUNDREDS OF MEN ARE OUT

Millions of Dollars' Worth of Improvements Unable to Proceed In the "Windy City"—Carpenters on Strike In Brooklyn, N. Y.

Chicago, May 3.—Just as the wreckers started the demolition of old structures on Wednesday to make room for $6,000,000 worth of new buildings in the loop, a strike was called, which promises to tie up the building industry of Chicago.

One hundred structural iron workers will drop their work and their idleness will entail the idleness of several hundreds other workers.

The strike promises to be of a large character. Contractors of several large buildings under way down town will especially receive a set back.

Delay is also in store for the new courthouse where the contractors were preparing to begin work next week.

The $6,000,000 figure on buildings is only for improvements, the whole figures netting up about $15,000,000.

The iron workers insist on a wage of $6 a day for 8 hours work. The contractors offer of $4.90 for four months and $4.80 for the rest of the coming year, was rejected.

Aside from affecting directly four fifths of the men's trades engaged in the steel and iron construction work, the strike will throw out of employment several thousand other building workers, such as carpenters, brick layers, hoisting engineers and stone cutters.

Strike On In Brooklyn.

New York, May 3.—A strike of carpenters in Brooklyn Tuesday is said to include 2,000 of the 4,000 carpenters employed in that borough. The strikers want their pay raised from 40 to forty cents per hour. This would increase their weekly wage from $22 to $24. At the strike headquarters it was said that 150 of 240 employers had already conceded the terms proposed.

The carpenters in Queensborough struck last month for an increase in wages from $3.50 to $4.

The carpenters on Staten Island also made the same demands, to go into effect Monday.

The Bronx carpenters also struck, but it did not last long, as before the afternoon most of the employers had granted the demands.

The Queens carpenters had returned to work, but as soon as they heard that the Brooklyn carpenters were out, they struck again.

Not Tied Up by Strike.

Duluth, Minn., May 3.—Work in the Duluth-Superior harbor Wednesday is not tied up by the marine strike, which went into effect Tuesday. The Booth line of boats is not a member of the Lake carriers association and carries the mail. It is not affected by the strike order.

1,000 Men Out at Toledo.

Toledo, O., May 3.—One thousand longshoremen are out here as a result of the general strike. Coal and ore wharves are idle. Tugmen are still working, but there are few boats in port.

800 Men Idle at Milwaukee.

Milwaukee, Wis., May 3.—It is estimated that about 10 vessels are tied up in Milwaukee and that 800 men are idle as a result of the longshoremen's strike. If the strike continues very long, more than 5,000 men will have no work to do.

Fireman Dies Doing Duty.

Mobile, Ala., May 3.—James Tierney, fireman, was instantly killed on Tuesday afternoon while on duty at a fire in the western residence portion of the city. Captain James Keefe was also severely stood on and injured by the falling of the ceiling. Captain Marmule, Assistant Chief Myrick and Firemen Revere and Burns were severely stunned.

P. O. S. OF A. HAD BIG MEETING

Delegates Well Pleased With Business Transacted.

ALSO LIKED THE CITY

Were Treated to a Drive to Principal Points of Interest, and Expressed Themselves as Delighted With City and Its People.

After an interesting session of two days, the State convention of the Patriotic Order Sons of America adjourned its session here Thursday.

The session opened at the court house Wednesday with a prayer by Rev. F. H. Craighill of Holy Trinity Episcopal Church. This was followed by a clever address of welcome by Mayor Thomas in behalf of the city, while State President J. L. Rankin of Palatka responded in behalf of the State lodges, and District President F. Prescott Bullock.

At the conclusion of the meeting in the court house, the members retired to the rooms of Washington Camp No. 8, where two days of secret session was held, and a great deal of business transacted.

In the afternoon of Thursday, through the courtesy of the liveries of the city, the representatives were given a drive to the principal places of interest, including the University grounds, where the buildings are now being erected. They were well pleased with the city and the manner in which they were treated here, and will remember Gainesville for some time.

The convention selected Plant City as the next place of meeting.

The following delegates were present:

W. B. Woods, Wm. Gunz, Ralph C. Johnson, John Walters, Wm. Hanes, Jacksonville; J. L. Rankin, Palatka; P. F. Laubauck, J. A. Bowery, J. J. Erickson, DeLand; H. LaRousseliere, A. H. Lewin, St. Augustine; T. H. Owens, J. A. Leslie, Geo. O. Adicks, Lake City; J. J. Wheeler, H. P. Robertson, Plant City; Geo. A. Barker, Orlando; G. P. Quaintance, Lakeland; Geo. H. Saunders, R. S. Curry, W. L. Peacon, Walter Saunders, Key West; A. W. Sargent, P. Y. Smith, F. P. Bullock, Gainesville.

ACCIDENT TO HARRY CANNON

While Coupling Cars Received Injuries From Which He May Die.

An accident occurred at one of the mines of the Dutton Phosphate Compa, near Wade, at a late hour Wednesday afternoon, which may prove fatal to the victim, Harry Cannon.

From the best information that could be obtained, it appears that young Cannon, who is an employe of the company, was endeavoring to couple cars of a phosphate train, when he was caught between the cars and severely mashed, injuring him internally.

As soon as the accident occurred young Cannon was taken to his room, where every attention was paid him. His parents, Mr. and Mrs O. P. Cannon, at Rocky Point, were notified, and both left yesterday for the bedside.

Mr. Cannon, who is well known here, is a very clever young man, and his numerous friends and acquaintances trust that he will suffer no serious consequences from this accident.

CLOSING OF KIRKWOOD SCHOOL

After a Most Successful Term, Institution Closed With Exercises.

Kirkwood, May 2.—After a most successful term the Kirkwood school closed last Friday evening with a splendid entertainment. The school house barely had seating room for the patrons and friends gathered there to witness the closing exercises.

The welcome address was delivered by J. W. Chamberlin in his most pleasing manner. Following the address a song of welcome was sung by the school children, which showed that they had been trained in singing as well as well as books.

"Living Stones," recited by Samuel Harrison, was very good. "Advice to Boys," by Wallace and Walter Burch, was spoken loud and well. Sallie Jenkins recited "Willie's Prayer" in a pleasing way, followed by a duet, "Vacation Days," by Misses Lena Rosenberger and Martha English.

Miss Hattie English received many plaudits for the excellent manner she recited "The Old Tramp's Story." Then little Frank Clyatt recited "Johnny's Rocket."

"Knowing the Circumstances" (a dialogue), by Grady Clyatt, Albert Chamberlin, Bertha Rosenberger, Rosa Sinquefield and Sallie Jenkins was beautifully acted by them.

"Our Country's Glory," by Ben Frank Matthews, was good.

A quartet, "Thou Will Keep Him," by Miss Chamberlin, Miss Hawkins, Mr. Knight and Mr. S. Chamberlin, was appreciated by all.

Little Bertha Rosenberger recited "It Takes the Ace to Beat the King" in a pleasing way that captivated the audience.

"His sister's Mistake," by Ralph Chamberlin, was indeed funny.

Recitations by Carol Emerson and Kitty Chamberlin, "A Heavy Shower" (dialogue), by Sanford Chamberlin, Miss Hatty English, Miss Lena Rosenberger, Miss Martha English and Robert Jones. Each one did their part well and received the plaudits of the audience.

A pretty drill by the young ladies was a pleasing feature of the evening.

Miss Ruby Hawkins certainly deserves all the praise we can possibly give her for the excellent work she has done. Everyone joins the writer in hoping she will return and teach her fourth term for us.

FOOD OR STIMULANT.

Ask your doctor if when he orders a patient to drink lots of pure milk he advises the addition of a large quantity of whiskey. He'll tell you "no" very emphatically. Yet there are people who, when ordered to get Scott's Emulsion, will accept some wine, cordial or extract of cod liver oil and think it is the same thing or better. If you want and need cod liver oil in its best, purest and most easily digested form, get Scott's Emulsion. If you want whiskey, that's another matter, but don't look for the same results.

Hotel Destroyed by Lightning.

Chicago, May 3.—The Glen Ellyn Springs hotel, a $90,000 structure, which was used last summer as the tribun's sanitarium for poor children, was struck by lightning Tuesday and together with $20,000 worth of furnishings was burned to the ground. The building was untenanted.

Crabs Helped In Rabbit Hunt.

On a property where the rabbit shooting was strictly preserved upon the southern coast of England a boy was caught with two dead rabbits in his possession and nothing that would account for their decease. A search of his pocket revealed nothing but two live crabs of small dimensions, the end of a candle and a box of matches. Under promise of release the urchin was persuaded to disclose his method of procedure. First he selected a likely burrow and then stripped off his clothes, putting his coat over one hole, his trousers over another and his shirt over the third. He lit the candle end, dropped a little grease upon the crab's back and stuck the lighted candle thereon and then put the crab at an unoccupied opening. Straightway the frightened torchbearer fled sideways into the darkness and explored the innermost depths, while the boy, expectant as a terrier, awaited events outside. Presently a rabbit bolted into the coat. As it did so that boy was after it like a shot, and boy, rabbit and coat all rolled over together, the boy rising from the fray with the rabbit in his clutches.—Korea News.

Priceless, Yet Costless—Pure Air.

There is no menace to vitality and to the sum and the value of the products of vital energy so continuously imminent, so insidious, so effectively active as are the invisible wastes of the body. The dead by the weapons of the world's battlefields are few compared with those whose lives have been either blighted or prematurely ended because of failure to maintain the body in a correct relation to the atmospheric source of abundant energy waiting to be transformed into vital force and who have died for want of proper breath. He who would live at his best must breathe air at its purest. There is no material necessity to life greater than that of pure air. There is nothing so priceless and yet so costless as air. There is no financial investment which does or can yield so sure and so large returns as money wisely expended for pure air.—Professor S. H. Woodbridge in Good Housekeeping.

Villages That Cut Corks.

Thousands of men, women and children in the mountains of Spain and Portugal are employed in cutting cork. It is a domestic trade, and it occupies whole villages. Agents from the factories and export houses of Seville and Lisbon go through the mountain, villages each year buying up the corks in enormous quantities. It is not unusual for an agent to purchase 5,000,000 on one journey. The corks as purchased in the native villages are of all sizes and qualities. They are sorted in the cities and, after being packed, are shipped by the ton. Once here many of them are recut by hand at the rate of twenty gross a day. So fastidious are some bottlers that the cork importers have to keep in their employment several cork cutters to recut such corks as do not suit customers.

Arabs and Portraits.

An artist who found it difficult to get pictures of Arabs in Morocco writes: "I once tried to sketch some Arabs in Algiers. They constantly evaded me, and at last an old Moor, with whom we were on the friendly terms produced by constant bargaining for embroidered rags, spoke to me on the matter like a father, for my good. 'It is not,' he said, 'that any harm will ensue to those whose picture you make. It is you yourself will suffer inconvenience in the next world. Allah will say to you: "Following your own will and pleasure, you have made those figures. I now command you give them souls." And where, my friend, will you be then?'"

Woman Was Made From an Elm Stick

In the Scandinavian myth of the origin of woman Odin, Vili and Ve, the three sons of Bor, were walking along the sea beach when they found two sticks of wood, one of ash and one of elm. Odin and his brothers were gods, of course, but the sight of the stick caused them to wish that they could carve other gods from the inanimate wood. They forthwith set about the task, with the result that they made a living man out of the ash stick and a female, being in godlike form, equally as lively as the man, out of the elm billet.

Injurious to the Memory.

Besides inattentive reading there are other things injurious to memory. One is the habit of skimming over newspapers, all in a confused jumble, never to be thought of again, thus diligently cultivating a habit of careless reading hard to break, says Home Chat. Another is the reading of trashy novels. Nothing is so fatal to reading with profit as the habit of running through story after story and forgetting them as soon as read.

NEWS OF CITY AND COUNTY CONDENSED

Through the courtesy of Furman Y. Smith, Alachua, who is a member of the law class of Stetson University, DeLand, from which department he will graduate, we have received an invitation to the commencement exercises of the law class, which will be held Monday evening, the 28th inst., and at which Mr. Smith will deliver the valedictory. Mr. Smith is a bright young man and will no doubt make a record for himself as a lawyer.

All those who were fortunate enough to be able to attend the union picnic at Silver Springs last Wednesday are loud in their praise of the very hospitable manner they were treated during the day by the residents of that pretty little village. Mr. and Mrs Brown, who conduct the Brown Hotel, have the grateful thanks of our people for courtesies shown them. The big crowd got home on time, had no accidents and were delighted with Silver Springs and its people.

The building on North Pleasant street, near the corner of West Court, owned by Dr. Wm. Sutherland of High Springs, is being removed to a more commanding and convenient position of the premises, which will make a more creditable showing. This house contains eight rooms, and after being removed will be thoroughly overhauled and repaired, and a fine bath room will be added. That section of the city is on the tendency of a boom just now, as several houses are being erected in that locality.

Among the prominent visitors to this city who came to represent the Patriotic Order Sons of America at the State convention was George G. Adicks of Lake City. Mr Adicks is a baker and merchant of Lake City, and few men in Columbia county are better known or more popular. He is one of those fellows well known and well liked, and it may safely be said that every man, woman or child in the city in which he lives are his friend. Mr. Adicks spoke nicely of Gainesville and the hospitable manner in which he has been treated here, and declares that he is glad to see the city growing so nicely.

A FINE PICNIC.

The Good People of Seven Mile Pond Entertained a Large Crowd.

The good people of Seven Mile Pond and vicinity entertained a large number of their friends from every section of the county Wednesday, the occasion being the anniversary of that grand old lady, Mrs. Rhoda Nettles, who has just reached the eighty-sixth anniversary of her existence in this world. Mrs. Nettles has many friends, and is well known, being one of the pioneer residents of the county, and in recognition of this fact a large crowd gathered to pay her honor.

There was a fairly good scattering of candidates, who had been invited upon this occasion, with the result that some politics and a lot of good speech-making was intermingled with the other features of the day.

Every candidate present told of how badly he wanted to be elected or re-elected to the position to which he aspired, and, altogether, the talks were worthy of consideration.

The day was most pleasantly spent, and those who attended have no regrets to make.

Simple Way to Cure Catarrh by Hyomei Without Stomach Dosing.

It is the height of folly to dose the stomach with internal medicines to cure nasal catarrah. It cannot be cured except the catarrhal germs that are present in the nose, throat and lungs have first been killed.

The soothing air of Hyomei heals the smarting and raw membrane of the air passages in the nose, throat and lungs, kills off the catarrhal germs and rids the system of the last traces of catarrh.

The complete Hyomei outfit consists of a hard rubber inhaler which can be carried in the purse or vest-pocket, a medicine dropper, and a bottle of Hyomei, and costs only one dollar, while extra bottles can be obtained for 50 cents.

J. W. McCollum & Company guarantee a cure when Hyomei is used in accordance with the simple directions on the package, or J. W. McCollum & Company will refund the money. This certainly shows their faith and belief in the virtues of Hyomei.

GAINESVILLE OLD FOLKS

Should Read This.

"One of the saddest sights in the world is a feeble aged person with tottering steps, and bowed down with the infirmities of old age," said Druggist W. M. Johnson, "and if the publishers of The Sun only realized the good Vinol will do for aged residents of Gainesville they would devote columns of space in their paper urging such people to take our cod liver oil preparation, Vinol.

"When a person reaches that time in life where they are on the downward path, all the organs act more slowly, the blood becomes thin and sluggish, and it is difficult to obtain sufficient nourishment from the food eaten to keep up strength and vitality.

"Vinol is not a patent medicine, as everything it contains is named on the back label of every bottle, but it is guaranteed to be a genuine cod liver medicine, containing all the medicinal curatives and strength-creating elements of cod liver oil actually taken from fresh cods' livers with organic iron and other body-building elements, and we guarantee to the aged, the weak, run-down, debilitated and convalescent of Gainesville that Vinol will repair worn tissues and replace weakness with strength or return money in every case where it fails." W. M. Johnson, Druggist.

"A FAMILY AFFAIR."

This Interesting Comedy Will be Presented at Rochelle May 8.

As has been stated before in The Sun, the good people of Rochelle will have an opportunity on May 8, which is next Tuesday, of witnessing one of the best comedies ever presented in that town, which is famous for dramatical talent.

This comedy, which is entitled "A Family Affair," requires about two hours to produce, and is one of the cleverest amateur plays ever brought before the public. Some of the best talent to be secured in Rochelle has consented to participate, which means that the evening will be thoroughly enjoyed.

The proceeds from this entertainment will be used toward the payment for the piano for Martha Perry Institute, and it is needless to add that a good crowd will be present.

Following is the program:

Dan Gillespie, a good fellow whose imagination runs away with him—Guy Zetrouer.

Jorkins Jobson, his gardener, a high authority on potato bugs—J. H. Owens.

Deacon Smith, who finds it to be good under adverse circumstances—Ben Tillman.

Sally, Dan's good-hearted little cook, who, unlike most women, can really keep a secret—Miss Lula Zetrouer.

Mrs Camson, his housekeeper, in the matrimonial market and means business—Miss Willie Jones.

Louisiana, a dark brunette on the warpath—Peter Perry.

MR. M'CLURKIN RESIGNS.

Cashier of Southern Express Company Resigns to Go to Texas.

There will be some important changes in the clerical force of the Southern Express Company in this city within the next two or three days.

Avery McClurkin, who for some time has been cashier of the local office, has tendered his resignation and will leave in a short time for his former home Oxford, Ala. After a few days spent in Oxford he proposes to proceed to Texas. Mr McClurkin is not only an efficient man, but a clever young fellow, and his friends here will regret exceedingly to see him leave.

P. I. Howell, who has been the billing clerk, will be promoted to cashier. Mr. Howell is a good man in every place he has so far filled, and will no doubt prove efficient in this position. Lee Colson, at present delivery clerk, will be promoted to the position of billing clerk. Lee has proved apt and competent in the service, and the promotion which he has received is deserved.

A Business Change.

A. B. Oliver has purchased the grocery business of Mason Bros., corner of West Main and Union streets, which has been conducted by George and Medley Mason for the past year. It is one of the best stands and most profitable establishments of the kind in the city, and friends of the Messrs. Mason were surprised that they sold the business. It is safe to say, however, that they have other arrangements which they feel will pay them better.

JOTTINGS FROM JUDSON.

Baptist Sunday School Convention. Other Notes of Interest.

Judson, April 30.—The Baptist Sunday school convention closed yesterday, after three days' session. Rev. L. Daniels of Apopka came on Saturday. He preached two very interesting and instructive sermons to large crowds Saturday night and Sunday. He went Sunday evening to Bronson to fill an appointment there.

Judson seems quite dull today, after having such a crowd of people here Sunday. The house could not hold more than half the people who attended the meeting.

Miss Stella Miller of Newberry, who has been clerking since the first of January for her uncle, R. S. Tucker, will return home tomorrow to spend a few weeks with her parents, Mr and Mrs. P. P. Miller.

It is very dry here now. Some have never got their crops up yet, and gardens are suffering for lack of rain very much.

Elijah Asbell and wife were pleasant callers here today.

FIGHT MAY HAVE FATAL RESULT

Alleged Twitty's Skull Was Fractured By Dorsey's Blows.

Gainesville, Ga., May 3.—A fight between John Tucker Dorsey and Curtis Twitty, which occurred Sunday morning, and which was not regarded at first more than a slight difficulty, is about to terminate very seriously.

Twitty is unconscious from a fracture of the skull at the base of the brain, with but little chance of recovery.

Dorsey is at large, and a warrant has been sworn out against him and placed in the hands of Sheriff Crow, charging him with assault with intent to murder. Dorsey is a son of the late Colonel J. N. Dorsey, while Twitty is a son of J. N. Twitty, of Twitty bill fame. The seriousness of the affray was not known until Tuesday, the matter having been kept very quiet. The prominence of the families of the young men lends additional interest to the unfortunate affair.

Dorsey is alleged to have inflicted the injuries on Twitty with a stick, knocking his teeth out and fracturing his skull. The difficulty occurred on the outskirts of the city at an early hour Sunday morning.

Lost Heavily in Disaster.

New York, May 3.—The Kron Prinz Wilhelm, which arrived Tuesday here, Many of them are prominent residents of San Francisco, who have lost heavily through the earthquake disaster. Many of them are prominent residents of San Francisco, who went to Europe on outing trips on the Kron Prinz Wilhelm, and hurried home again on the same steamer after having received word of the devastation.

Lumbermen Convene at Memphis.

Memphis, May 3.—Lumbermen are arriving here from all sections of the country to attend the national convention of Hardwood Manufacturers' association, which meets Thursday. Several important papers will be read and officers will be elected.

Negro Killed by Companions.

Fort Gaines, Ga., May 3.—Two negroes on the turpentine farm of West and Co., here, became involved in a quarrel in which Macon Mills shot and killed Ed Pepper. No arrest has been made yet, Mills having sent word to the sheriff that he would come and surrender.

Little Boy Shoots Himself.

Canton, Ga., May 3.—Tuesday morning early, a little son of Jim Martin, who lives near town, accidentally shot himself in the right breast with a rifle but the wound is thought not to be dangerous.

AN EMPEROR'S TASTE.

It Was the Origin of a Common Saying in Austria.

An anecdote which was current of Ferdinand I. of Austria at one time greatly delighted his subjects and gave rise to a common saying. One summer day he was hunting in the Syrian mountains and was overtaken by a violent thunderstorm. He sought refuge in a farmhouse whose occupants were just then at dinner, and his fancy was caught by some smoking dumplings made of coarse flour. He tasted them, liked them and asked for more, and when he got to Vienna, to the horror of the royal cooks, he ordered the same dumplings to be served up daily. The courtiers were scandalized that such a coarse dish should figure on the menu, and even his physicians remonstrated against the use of such food.

The emperor had always been the most pliant of men, but he now showed that he had a will of his own and persisted in gratifying his new fancy. Finally the physicians pretended that it was dangerous to his health to be living on dumplings and insisted on his giving them up. The hitherto docile sovereign stamped his foot and declared that he would never sign another official document if his diet were denied him.

"Emperor I am," he shouted, "and dumplings I will have!"

To prevent a stoppage of the government machinery opposition was withdrawn, and his majesty clung tenaciously to his dumplings. Then the imperial phrase became proverbial, and thereafter when any one insisted on gratifying a silly whim some one was sure to say:

"Emperor I am, and dumplings I will have!"

RELATING TO IRON.

Discovery of the Metal, According to Various Authorities.

The Bible speaks of Tubal Cain as the discoverer of iron and the father of smiths. The Egyptians imputed to Hephaestus the same honor, while Pliny mentions it having been discovered by Dactyles on Mount Ida after the forests on the mountain side had been destroyed by lightning. This was about 1432 years B. C. Jeremiah and Ezekiel both mention iron in their Scriptural writings, the latter specially mentioning two qualities of the metal and calling one bright iron, which was probably steel.

Moses mentions an iron furnace and Job speaks of it as being taken out of the earth. Thousands of years before the opening of the Christian era the Egyptians used iron in making sickles, knives and such things. Sparta first used iron for money. Britain also used it as a medium of barter and exchange prior to the conquest by the Romans.

The Britons before the time of Christ used to export iron to Gaul, and after the Roman conquest the conquerors established extensive smelting works which existed at least as late as the Saxon conquest.—St. James Gazette.

Racial Discrimination.

A small French Italian coasting steamer was proceeding on its way. The passengers were of various nationalities, English, American, French, Italian and one large German. Most of the male passengers were gathered in the smoking room when the steward appeared at the door and with a bow announced, "Dinner, it is serve!"

The English and American contingent arose and started toward the dining saloon. The steward, seeing that his announcement had not been understood by all, continued, "Messieurs, c'est servi!" and as a portion of the passengers still remained seated, "Il pranzo e servito!"

The French and Italians followed the English and Americans, leaving the large German in solitary state.

"Himmel!" he muttered hungrily. "Is it dot no German mans gets somethings to eat on dis boat, hein?"—Harper's Weekly.

That the silly season is once more upon us is shown in the revival of the cackle about shirtwaists for men and the propriety of such garments for church costume.

There are only fifty thousand really handsome women in the United States, according to a magazine writer. Every woman wonders who the other 49,999 are.

Trouble often comes and there is no dodging it. Still it is well to remember that trouble always comes quickest where people are looking for it and have all preparations made to receive it.

Spain has a national debt of about $1,800,000,000, twice as big as the net debt of the United States. This debt is equivalent to $100 a head of the population, and the interest charge is over $4 a head. The people are always on the verge of bread riots.

UNIFORM DIVORCE LAWS.

In a recent decision the supreme court the United States decided that many of the divorces granted in this country are not really divorces after all. Which leaves thousands of people who have remarried after being separated by the Dakota process in a rather uncomfortable position, says The Atlanta Journal.

The effect of the decision should be to bring about more uniform laws throughout the various States. Out of more than forty States, there are now two which have divorce laws exactly alike. South Carolina, for instance, does not allow divorces; New York permits it for but one cause, while Ohio recognizes twelve causes.

Since the supreme court's decision the cheap and easy divorces offered by several of the States are no longer desirable things; for those who have divorces of that character, and remarry upon the strength of them, will, if we are not mistaken in our interpretation of the decision, be subject to prosecution for bigamy.

In Switzerland the various cantons have had uniform divorce laws for thirty years; and in Canada those who seek divorce, in any province, must apply to the dominion parliament. In this country federal regulation of divorce is not, perhaps, feasible; but the States should get together and break up a situation that would smack of opera bouffe if it were not particularly vital. Indeed, in view of the matter held by the supreme court, we should think there was no alternative except a movement towards uniformity.

The boy who saves his money some day owns a farm, or becomes the banker, the merchant, the professional man. The boy who never saves a cent makes the man who "earns his bread by the sweat of his brow," who never owns a home or enjoys the luxuries of life. He thinks he always has a kick a-coming and never lets a chance to kick go by. Everything goes wrong with him—when he is a man. Parents should try to make graduates of industry and economy of the boys and girls if they desire the good things of life for their children.

Clear your mind of every gloomy, selfish, angry or revengeful thought. Allow no resentment or grudge toward man or fate to stay in your heart over night. Wake in the morning with a blessing for everything on your lips and in your soul. Say to yourself: "Health, luck, usefulness, success are mine. I claim them." Keep thinking that thought, no matter what happens, just as you would put one foot before another if you had a mountain to climb. Keep on, keep on, and suddenly you will find you are on heights, luck beside you.

The smallest and most isolated of American possessions is Brocks Island in the Pacific Ocean, 3,500 miles west of San Francisco. It was discovered and claimed in 1859, but never occupied until 1903, when it was utilized as a station with ten operators for the Trans-Pacific cable. It is about two miles across, 40 feet above the tide, and a rocky reef keeps the waves from submerging it during great storms.

The United States was once largely covered with forests, but hundreds of thousands of acres have been laid waste by lumbermen, whose only thought was to get as much profit as quickly as possible. Proper forestry precautions would have continued those great resources for all time, but today there are only trackless wastes over thousands of square miles where the big timber has been cut away.

The people in the large cities are traveling "the pace that kills." American "hustle" and its companion, the quick lunch counter, are bringing destruction to the inhabitants.

Ecclesiastical Court to Meet Again.

Rochester, N. Y., May 3.—It is understood that the ecclesiastical court of the Protestant Episcopal church, which tried Algernon G. Crapsey for heresy, will meet once more for consultation with Judge Moore, of Batavia, N. Y., where the findings will also be prepared for presentation to Bishop Walker. It is thought that the court will meet about May 13th, as it goes out of existence May 15th, and as it will take about 15 days to transcribe the notes of the trial, which include about 90,000 words.

Three Policemen Killed.

Warsaw, Russian Poland, May 2.—Three policemen were killed in the streets here during the night, but the threatened May Day outbreaks have not materialized up to 2 o'clock this afternoon. The streets are patrolled by troops, but a heavy rain is falling, which is keeping the populace indoors.

Pirating Foley's Honey and Tar.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. It is the best remedy for coughs and colds. J. W. McCollum & Co.

DON'T THINK IT'S RIGHT.

West End Man Expresses His Views on Roadfield School Voting.

Editor Sun: I attended a school meeting called by Superintendent J. L. Kelley and the Honorable Board, to decide the question whether or not the Roadfield school should be moved or kept at its present location. Although I am not a patron of that school, I must say according to my understanding of the instructions sent for the committee to go by, that it was one of the most unjust things I ever saw. The instructions sent out gave all who sent to school the last term a right to vote. I guess Superintendent Kelley and the Honorable Board don't understand the condition and situation of this tangle of school matters. I think if Superintendent Kelley and the board will closely investigate the matter they will see the injustice. As I said before, the instructions gave all a right to vote who sent to school last term, and some of the patrons who sent have moved away, and others having moved in, according to the instructions, will have no right to vote. I do not think that is just. There is Bryant Roberson and Mr. Hall, having just moved here, and live within a half mile of the school building, and have seven children to send, and they could not have any vote at all; also, A. L. Roberts, D. Fletcher and J. Walker. Here are five men who should have had a vote on that question. I think that not only me, but all honest thinking men who know the circumstances of this, know that these men should have their rights. We think if Superintendent Kelley and the board will do their fellowmen and themselves justice, they will give these men a chance. My motto is: "Equal rights to all—special benefits to none." A. F. ROBERTS.

KEEP YOUR HEAD UNCOVERED.

The Constant Wearing of a Hat Propagates Dandruff Germs.

There are many men who wear their hats practically all the time when awake and are blessed with a heavy growth of hair, yet if the scalps of these men were to become infested with dandruff germs, the parasites would multiply all the quicker for lack of air. Baldness would ensue as the final result. Newbro's Herpicide kills these germs and stimulates a healthy hair to abundant growth. Herpicide is a pleasant hair dressing as well as a dandruff cure and contains not an atom of injurious substance. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

A. AND B. NOT IN EXISTENCE.

Atkinson Lines Now All Under New Title.

Atlanta, Ga., May 3.—The Atlantic and Birmingham passed out of existence with the tolling of the midnight hour on the last day of April.

Tuesday the final legal steps were taken which with the discontinuance of the Atlantic and Birmingham made this road with its prosperous past and its brighter future the Atlanta, Birmingham and Atlantic. While the folders and all of the advertising matter of the Atlantic and Birmingham has for some time carried also the name of the Atlanta, Birmingham and Atlantic, official action was taken by President H. M. Atkinson Tuesday which means that the road from now on will be the Atlanta, Birmingham and Atlantic.

While the new system has not yet reached Atlanta nor Birmingham, the headquarters and general offices have been instituted here. Work is being rapidly pushed and the big system expects to be running local and regular trains between Birmingham, Atlanta and Brunswick in less than a year and a half.

RAWLINGS GET LAST RESPITE.

Date of Hanging Set for June 8—Third Respite Given Them.

Atlanta, May 3—A respite to Friday, June 8th, has been granted J. G. Rawlings, Milton Rawlings and Jesse Rawlings, father and sons, and to Alf Moore, a negro acomplice, by Governor Terrell. It is the third and last interference by the governor with the execution of the sentence pronounced upon the three white men and the one negro convicted in Valdosta, last August, of the midnight assassination of Willie and Carrie Carter, children of old man W. L. Carter, a near neighbor of the Rawlings family.

Judge Mitchell will, within the next month, again pass sentence of death upon the four convicted men. J. G. Rawlings, Milton Rawlings, Jesse Rawlings and Alf Moore, as well as a life sentence upon Leonard Rawlings.

Police Officer Suspended.

Meridian, Miss., May 3.—A sensation was sprung here Tuesday night when Chief of Police William Bloodworth suspended Officer Moody Price for thirty days and asked the municipal authorities to make the suspension permanent. The charge of insubordination and using insulting language is made against the officer. Price is a candidate for chief against Bloodworth at the next election, and has been an officer for the past fourteen years, this being the first time charges of any kind have ben preferred against him. He denies the charges, and demands a trial, having already retained counsel. The belief is that politics cuts cosiderable figure in the action of the chief, and efforts may be made to effect a compromise.

Fortunate Missourians.

"When I was a druggist at Livonia, Mo.," writes T. J. Dwyer, now of Graysville, Mo., "three of my customers were permanently cured of consumption by Dr. King's New Discovery, and are well and strong today. One was trying to sell his property and move to Arizona, but after using New Discovery a short time he found it unnecessary to do so. I regard Dr. King's New Discovery as the most wonderful medicine in existence." Surest cough and cold cure and lung healer. Guaranteed by all druggists. 50c and $1. Trial bottle free.

Railroad Track Washed Out.

Natchez, Miss., May 3.—The crest of the big rise in the Mississippi has passed Natchez. The river fell one-tenth of a foot in the twenty-four hours ending at 9 a. m. Tuesday and is now 47.6 feet, or 2 feet 4 inches above the danger line. A private levee in Concordia parish, Louisana broke, flooding 2,000 acres of rich cotton lands but the water will subside in time to make the crop. Two miles of the Texas and Pacific railroad tracks in Bougere swamp in the same parish, has been washed away and the train service will not be resumed until the water goes down and the track is rebuilt.

Was Wasting Away.

"I had been troubled with kidney disease for the last five years," writes Robert R. Watts, of Salem, Mo. "I lost flesh and never felt well and doctored with leading physicians and tried all remedies suggested without relief. Finally, I tried Foley's Kidney Cure and less than two bottles completely cured me, and I am now sound and well." During the summer kidney irregularities are often caused by excessive drinking or being overheated. Attend to the kidneys at once by using Foley's Kidney Cure. J. W. McCollum & Co.

SKIN ECZEMA IN WORST FORM

Black Splotches All Over Face—Produced Severe Itching—Year's Treatment by Physicians Did No Good and Became Despondent—Affected Parts Now Clear as Ever—Alabama Lady's

CURE BY THE CUTICURA REMEDIES

"About four years ago I was afflicted with black splotches all over my face and a few covering my body, which produced a severe itching irritation, and which caused me a great deal of annoyance and suffering, to such an extent that I was forced to call in two of the leading physicians of my town. After a thorough examination of the dreaded complaint they announced it to be skin eczema in its worst form. They treated me for the same for the length of one year, but the treatment did me no good.

"Finally I became despondent and decided to discontinue their services. Shortly afterwards, my husband in reading a copy of a weekly New York paper saw an advertisement of the Cuticura Remedies. He purchased the entire outfit, and after using the contents of the first bottle of Cuticura Resolvent in connection with the Cuticura Soap and Ointment, the breaking out entirely stopped. I continued the use of the Cuticura Remedies for six months, and after that every splotch was entirely gone and the affected parts were left as clear as ever. I have not felt a symptom of the eczema since, which was three years ago.

"The Cuticura Remedies not only cured me of that dreadful disease, eczema, but other complicated troubles as well; and I have been the means of others being cured of the same disease by the Cuticura Remedies, and I don't hesitate in saying that the Resolvent is the best blood medicine that the world has ever known." Lizzie E. Sledge, 540 Jones Ave., Selma, Ala. Oct. 28, 1905.

Sold throughout the world. Cuticura Soap, 25c., Ointment, 50c., Resolvent, 50c. (in form of Chocolate Coated Pills, 25c. per vial of 60), may be had of all druggists. Potter Drug and Chem. Corp., Sole Props., Boston, Mass. Mailed Free, "The Cuticura Skin Book," and "How to Cure Disfiguring Humors."

POLITICAL ANNOUNCEMENTS

For State's Attorney.

To the Democratic Voters of the Eighth Judicial Circuit of Florida:

Believing that my thirteen years' practice of law, together with my experience as a prosecuting attorney, fully fit me to discharge the duties of State Attorney, I, therefore, at the request of many friends, announce myself a candidate for nomination in the Democratic primary for State Attorney for the Eighth Judicial Circuit of Florida. If nominated, I pledge myself to courteously, economically and faithfully discharge the duties of the office and to help maintain the dignity and honor of the court. Respectfully,

JOS. M. RIVERS.

To the Democratic Voters of the Eighth Judicial Circuit of the State of Florida:

Having served you in the capacity of State Attorney since July, A. D. 1903, and trusting that you have approved of the manner in which I have represented the State and discharged my duties, I solicit your votes at the coming primary for the position of State Attorney for the Eighth Judicial Circuit.

Very respectfully,

Palatka, Fla. BENJ. P. CALHOUN.

I respectfully announce that I am a candidate for the office of State's Attorney for the Eighth Judicial Circuit of Florida, composed of the counties of Alachua, Baker, Bradford, Levy and Putnam. I conceive the faithful and energetic discharge of the duties of the office to be a sacred obligation to the State, and, if the voters of the circuit favor me with the nomination, I pledge them that the interests of the State and of society shall not suffer through favor or negligence of mine.

THOS. W. FIELDING.

Starke, Florida.

For State Senator.

To the Democratic Voters of Alachua County:

I have, on various occasions, been earnestly requested to enter the race for State Senator from this county, and, until now, have declined to do so, because I had no desire to oppose the Honorable H. H. McCreary, who has rendered such valuable service to our county in the State Senate. But since he has withdrawn from the race I will be a candidate, subject to the Democratic primary.

Having served in both branches of the Legislature in the past, I feel that I am the better qualified to serve the best interests of our county at this important time.

Earnestly soliciting your support at the coming primary, I am your humble servant.

JOHN B. DELL.

In reference to my declination, which appeared in The Daily Sun of Mch. 20th, the same was made in what I conceived the interest of harmony. However, I have reconsidered same and am a candidate for the State Senate.

H. H. McCREARY.

I respectfully announce my candidacy for the Democratic nomination as Senator for Alachua county (32d district), pledging my support of all measures in the interest of the masses as against the classes; and especially do I pledge my support and influence in aid of the common schools and maintenance of the State University upon a liberal basis such as will enable parents to obtain for their children a thorough education in their own State, as well as all measures tending to promote the religious and moral welfare of the entire people. Thanking my friends for their support in the past, and soliciting the vote of all Democrats at the coming primary, I am very respectfully, H. H. McCREARY.

For the Legislature.

At the solicitation of many friends I have consented to make the race for the Legislature and hereby announce myself as a candidate, subject to the Democratic primary.

WM. N. SHEATS.

In response to the solicitations of many friends I respectfully announce that I will be a candidate for the Lower House of the Legislature, subject to the Democratic primary. If elected I promise to do all in my power to protect the best interests of our beloved county. Respectfully,

THOMAS A. DOKE.

I announce myself a candidate for the Legislature at the coming primary, subject to the action of the Democratic voters of the county. If elected I will endeavor to make some very ideal changes in the present divorce law. I am in favor of keeping the State University at Gainesville forever.

Alachua, Fla. CHAS. HODGE.

At the solicitation of friends I announce myself a candidate for Member of the House of Representatives, subject to the will of the people as expressed at the Democratic primary election.

I shall favor the maintenance of the State University, now established in this county, liberal appropriations for its development, and the advancement of public education throughout the State.

I believe in a Railroad Commission and shall support any legislation enlarging its powers and increasing its usefulness.

All measures tending toward the moral development and growth of our State will receive my hearty support.

ROBT. E. DAVIS

To the Voters and Tax-Payers of Alachua County:

I take this method to publicly thank you for the very liberal support you have given me in the past, and to announce my candidacy for re-election for ensuing term to the office of Tax Collector of Alachua county. The arduous duties of the office, at this, the closing period of 1905 collection, will entirely prevent my making a canvass of the county and seeing you in person, so I trust my friends throughout the county will remember me on the 15th of May at the various precincts, when casting ballots for the men of their choice to fill the respective offices now elective. On account of the closing of the Rocky Point school, of which Miss Farnesworth has been teacher, the good people of Rocky Point, with their friends, held a picnic at Cannon's Crossing Saturday. The occasion was a most delightful one, and was well attended by the people of Rocky Point, as well as Rev. S. B. Rogers of the First Baptist Church and several others from Gainesville. The school, under the direction of Miss Farnesworth, has enjoyed a most successful term, and she will likely be returned next year.

Among the visitors to this city is W. J. Ayers of Columbia, S. C. Mr. Ayers was for many years a conductor on the Southern Railway, but is now holding a lucrative traveling position. He has many friends here who were glad to see him again.
